

## What Students Should and Should Not Bring to the Exam Room

It's important that students bring only the items permitted in the exam room. A student observed with any of the prohibited items during testing or breaks may be dismissed from the exam, the device may be confiscated, the student's score may be canceled, and no retest may be permitted.

Students may bring hand sanitizer to the room, but it must be placed under their desk, not on their desk. Students may use any other PPE (such as masks) following your school's current requirements.
